CN and the Teamsters Canada Rail Conference (TCRC) agreed to adjourn negotiations today and are scheduled to resume talks with the assistance of federal mediators during the week of Nov. 16, 2009.

The company and union remain optimistic that they can negotiate a new collective agreement for 1,700 CN locomotive engineers in Canada without labour disruption. The current agreement between the parties expired on Dec. 31, 2008.

The TCRC represents 125,000 members in Canada in all trades. The International Brotherhood of Teamsters, with which the TCRC is affiliated, has 1.4 million members in North America.
