

Teamsters Canada Rail Conference

Local Committees of Adjustment Division 320
Vancouver Division – Canadian Pacific

February 14, 2010

(CORRECTOR)

Brothers and Sisters of Div 320,

Please be advised that your Local Chairmen will be attending General Committee from February 22 to February 26. General Committee is where all Local Chairmen meet with the General Chairmen to discuss current issues, participate in educational courses and programs, and network with all LC's.

If you have any submissions you wish to have heard at General Committee please submit them to Division 320 as soon as possible, **but no later than February 17th** (see below). This is **NOT** the time for submissions on contract issues; those will be called for prior to commencement of negotiations in 2011.

At this time we are asking for "***By-Law submissions to the General Committee of Adjustments in session 2010***". An example would be as follows:

"Prior to National Negotiations the General Chairman will meet with each Division in his jurisdiction to discuss contract issues. The General Chairman will document the issues that are impacting each Division." (submitted by Div 76)

"GCAs create a bylaw to effect communication to members whose grievance remains outstanding beyond one year at the GCA level. This communication to explain status of grievance and when it may be resolved." (submitted by Div 320)

According to the By-Laws in place submissions must be presented to the Division and voted on, prior to being sent to General Committee. Therefore any and all submissions MUST be received by Division 320 prior to end of our regular monthly meeting February 17th.

Thank you,

Jason Hnatiuk
